## Marva Ferguson

### Personal Assistant & Clerical Officer

I studied Business and Finance along with other courses which enable me to do administrative duties effectively.

I am the Personal Assistant to SACMHA's Service Director as well as providing clerical support for SACMHA's Service Administrator. I have also worked as home care Personal Assistant providing day to day living assistance and support.

Along with working for SACMHA, I also work voluntarily for my local Church as the Church Administrator.
