

SACMHA

Health & Social Care

Tracey Walker

Finance Officer

Originally from Leeds/Bradford area I moved to Sheffield around 15 years ago. I spent 25 years working for Corporate companies in Account Management and Training - working all over the UK and travelling many times to Poland & Germany.

Whilst on maternity leave with my daughter I began working for SACMHA as a Support Planner liaising with service users who received direct payments to plan an effective support package.

This gave me an insight and interest in Social Care. After 7 years working in Intermediate Care I returned to SACMHA to work as Finance & Housing Officer.

I have a deep love of music so attend as many concerts, festivals and weekenders as possible in the UK and abroad.
